CAREER OBJECTIVE:

As a motivated and self-driven BSc (MPCs) graduate, I aim to leverage my technical skills and creative thinking to contribute to the growth of the organization. I am eager to apply my learning, enhance my knowledge, and grow within a dynamic work environment.

WORK EXPERIENCE:

Frontend developer

Vaarush Technologies , Visakhapatnam

July 2024 – present

Key responsibilities:

- Developed and maintained responsive web applications using **HTML**, **CSS**, and **JavaScript**, ensuring an optimal user experience across multiple platforms.
 - Collaborated with cross-functional teams, including designers and back-end developers, to implement new features and improve website performance.
 - Contributed to the successful delivery of **Ranadeep Travels** client projects, meeting deadlines and exceeding client expectations.
-

TECHNICAL SKILLS:

- **Programming Languages:** C, PYTHON
 - **Database:** MYSQL
 - **Frontend Technologies:** HTML, CSS, Javascript, Bootstrap, ReactJS
 - **Backend:** Python, NodeJS
 - **Version Control:** Git, GitHub
-

Projects:

Ranadeep Travels - Bus and Car Booking Platform

Duration: October 2024 – January 2025

Developed a web-based bus and car booking platform to streamline the booking process for users. The platform included search features, payment integration, and real-time tracking.

Key Contributions:

- Designed and developed the frontend using **HTML, CSS, and JavaScript** for a smooth and user-friendly experience.
- Utilized Google Maps API for real-time vehicle tracking to enhance the user experience.
- Improved website load times by 20% through performance optimization.

Technologies Used:

HTML, CSS, JavaScript, Google Map, Mail Integration, Whatsapp Integration
